Introduction

Congratulations on your purchase of the Sonoma spa treatment table. A favorite of day spas, health clubs, and private practitioners, the durable and versatile Sonoma is a cost-effective solution for any treatment table need.

Sonoma tables are designed for licensed therapists and are intended to be used in a professional spa, massage studio, or similar commercial environment. While no special training is needed to operate the table, for safety reasons it is important that the instructions contained in this manual are reviewed in detail before the first use. This manual should be read in its entirety by each professional who will be operating the table to ensure the safety of both operator and client. This manual should be saved for future reference.

The Sonoma table should not be used in any other manner than described in this manual. Please read, understand, and follow all safety warnings, labels, and instructions. Misuse, use of unnecessary force, or using the product for unintended or unauthorized procedures can result in injury to operator, client, and/or equipment.

Detailed instructions for use and maintenance can be found in this user manual. If you have further questions, please contact us at (800) 358-8292 for US customers, or (760) 597-2155 for international customers. We can also be reached via e-mail at info@livingearthcrafts.com

SECTION 1: SAFETY INFORMATION

Safety Symbols

Familiarize yourself with the following Safety & Warning symbols. They are designed to prevent damage and injury to you, your clients, and your new Living Earth Crafts product.

IMPORTANT: The important safety instructions and warnings in this manual cannot cover all possible problems and conditions that can occur. Use common sense and caution when installing, operating, or maintaining this appliance.

Indicates an imminently hazardous situation which could result in serious or fatal injury.

Indicates a potentially hazardous situation which could result in serious injury.

Indicates a potentially hazardous situation which could result in equipment damage and/or injury.

IMPORTANT SAFETY INSTRUCTIONS - FOR COMMERCIAL USE ONLY

Read all instructions before using this product.

WARNING

To reduce the risk of injury to persons:

- 1) Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.
- 2) Do not operate this equipment unless properly trained.
- 3) Install this furnishing in treatment area not accessible to the public.
- 4) Close supervision is necessary when this furnishing is used by, or near children, invalids, or disabled persons.
- 5) This product does not have "pinch point" protection. Only operate when no possibility of any portion of the body could be caught and injured while moving the table top upward/downward, or activating the back/foot tilt.
- 6) Do not use this furnishing to support video equipment such as televisions or computer monitors.
- 7) Never attempt to use the Head or Leg lift section to support concentrated weight such as sitting or standing

CAUTION

1) When lowering any section of the table, make sure that no supplies or any part of yours or your client's body is between the top of your table and its base. This could result in injury, or could damage your table as well as the item. It is recommended that you always return your table top to the lowest flat position to avoid leaving the base exposed.

- 2) When lowering the table height, be sure there are no foreign obstacles underneath your table that could obstruct it from lowering completely. This could damage your table.
- 3) Never set anything under the table frame to avoid collision if lowered.
- 4) Never operate your table on an uneven surface. Adjust the leveling feet so that your table is stable.
- 5) Never raise the head or leg section with a client in the prone position (face down.)
- 6) Never use or store your table in a wet or very humid environment. Water and excessive moisture can damage the wood cabinet. Evidence of exposure to water or moisture will void your warranty.
- 7) If you have purchased the Flexible Armrest Option, never use the Armrests as handholds or body support mechanisms, especially when setting clients on or off the table.
- 8) Never drop or insert any object into any opening.

READ AND SAVE THESE INSTRUCTIONS

SECTION 1: SAFETY INFORMATION

WARNING

Always use extreme caution when making any position adjustments to your table. Ensure all body parts and objects are clear from all moving parts. The described adjustments can be done with a client on the table, but use caution to ensure that the client's weight is supported while positioning the table section(s).

Do not sit or put unnecessary amounts of pressure on the back section of the table when it is in tilt position of any level. This can damage or destroy the tilt mechanism and cause harm or bodily injury to persons. The tilt mechanism is intended solely to be used when a client is properly seated or laying on the table top. Damage caused in this manner may void the warranty.

Do not sit or put unnecessary amounts of pressure on the leg section of the table when it is in tilt position of any level. This can damage or destroy the tilt mechanism and cause harm or bodily injury to persons. The tilt mechanism is intended solely to be used when a client is properly seated or laying on the table top. Damage caused in this manner may void the warranty.

CAUTION

DO NOT store or place anything under the backrest - this can damage the top and/or tilting mechanism. This area is not designed for storage or as an area to hold accessories and/or massage supplies while performing any type of service. Placing anything in this area can cause damage to the table and/or object and will void your warranty.

SECTION 2: PRODUCT OVERVIEW

Base Options

**table shown with optional accessories and/or finishes. Measurements may vary due to natural material variations.*

SECTION 2: PRODUCT OVERVIEW

Product Specifications

Top Length	73" (185 cm)
Top Width	28", 30", 32" (71 cm, 76 cm, 81 cm)
Top Options	Flat, Manual Tilt, Pneumatic Tilt, Pneumatic Salon
Base Options	Shelf, Cabinet
Height Range	24" - 33" (61 cm - 84 cm)
Weight Capacity	800 lbs (363 kg)

Manual Tilt, Pneumatic Tilt, Pneumatic Salon Top		X
Flex Arms <i>(not available on manual tilt or flat)</i>		X
Strata Cushioning		X
Caress or Flex-Rest platform		X
Aromatherapy Platform and Arm Shelf		X

SECTION 3: INSTALLATION

Your Sonoma table comes completely assembled and ready to use. Once the table is unpacked, follow the “Moving Your Table” instructions below.

Moving Your Table

Always use caution when moving your table - always use proper safety procedures/equipment.

Lift your table by grasping firmly from the bottom of the frame underneath the upholstered top. Do not try to lift from the upholstered top.

Leveling Your Table

Leveling, or balancing, your table is very important during initial setup and routine maintenance. Your table is equipped with leveling feet that can adjust to uneven floors.

To adjust the leveler feet:

1. Place the table in the position you plan to use it.
2. To determine which foot needs adjusting, attempt to “rock” your table. If there is any movement, the leg that is lifting is the one that will need adjusting.
3. Raise table height approximately 6 inches.
4. Using your hand, or a wrench if necessary, turn the leveling foot in the needed direction. (Counterclockwise will lower the overall height, clockwise will raise the overall height)

Table Accessories

All Sonoma tables come with outlets at both ends, specifically designed for providing a fixed location for FacePillow platforms, salon pillows, and other accessories.

See the Living Earth Crafts website for all available accessories that will fit into the table outlets.

Weight & Lift Capacities

800 lbs.

The Sonoma maximum weight capacity is 800 lbs.

50 lbs.

The back section and leg section has a maximum weight capacity of 50 lbs. These sections are not meant to hold full body weight.

SECTION 4: OPERATING INSTRUCTIONS

Height Adjustment

Note: You will need to either turn your table on its side or have a second person to hold the table in a tilted position while you adjust the legs.

Step 1: Locate the adjustment knobs and turn counterclockwise to loosen.

Step 2: Remove knobs to expose the screws.

Step 3: Remove the outer part of the leg.

Step 4: Move outer part of the leg up or down to adjust table height. When leg is at the desired position, replace knobs and tighten securely by turning clockwise.

Step 1

Step 2

Step 3

Pneumatic Tilt/Salon Adjustment (Optional)

To adjust, compress the lever to release, allowing you to reposition the angle of the table section. Using your other hand, support the table section until the desired angle is reached, and release the lever to lock into place.

Note: Adjustments can be done with a client on the table, however, use caution to ensure that the client's weight is supported with your hand that is guiding the table section.

One-Touch Lever

Lever location for head tilt section (underneath table top)

Lever location for leg/foot tilt section (underneath table top)

SECTION 5: CARE & MAINTENANCE

Cleaning & Ongoing Maintenance

DO NOT USE acetone, "Armor All" type cleaners, citrus-based cleaners, or industrial cleaners. These can seriously damage the upholstery. Such damage would not be covered under warranty.

With proper maintenance, your table is designed to give you years of trouble-free operation. To ensure your table will continue to function properly and keep its appearance, we recommend the following.

Category	Care Recommendation
Upholstery	Remove day-to-day dirt and smudges with a mild soap and water solution. For tough stains and to disinfect, use a (100 to 1) water to bleach solution. Spray a damp cloth with the solution to clean. After each cleaning, gently wipe the upholstery with a damp cloth and clean water, then allow upholstery to air dry before using or storing. For more difficult stains, please contact your dealer or please call us directly for guidance. For best results, use only the products suggested above.
Wood	To maintain the wood finish and retouch scratches, use a high quality furniture wax.
Leveling Feet	Regularly check to ensure the table is level and stable. See page 6 for leveling instructions.

SECTION 5: CARE & MAINTENANCE

Troubleshooting

This helpful troubleshooting guide will provide you with information about how to recognize a problem with your table, determine possible causes, and find a solution.

In the event your specific situation is not covered in this guide, please contact Living Earth Crafts so our technical support department can assist you. Beyond the troubleshooting guide below, do not attempt to repair the table yourself. This can void your warranty.

Unauthorized service will not be covered. Please be sure to contact Living Earth Crafts Customer Service first at (800) 358-8292, (760) 597-2155 Int'l.

Issue	Solution
One-Touch Lever is difficult to move	Check the cable for any kinks or sharp bends from the lever to the gas springs. The cable should have a soft radius in order to allow the inner cable to travel freely in the cable sheath. If the cable is kinked, contact Living Earth Crafts.

Warranty Information

Living Earth Crafts (LEC) offers an industry best warranty against defects in materials, design, and workmanship, to the original owner, as follows:

- Frame - limited lifetime warranty*
- Foam and upholstery covering - warranted for three (3) years
- Motors, controls, electronics - warranted for two (2) years, including parts and labor
- Accessories and options - warranted for one (1) year, unless otherwise noted

LEC may repair or replace defective components at our discretion. LEC will return the warranted product, standard shipping pre-paid, to customers in the continental US. International customers are responsible for any applicable duties and taxes, as well as all shipping charges inbound and outbound. Normal wear and tear, and costs associated with maintenance procedures, and damage caused by accident, misuse, improper maintenance, harsh operating environments or neglect (which includes tears in the upholstery and damage caused by harsh chemical-based cleaners) are not covered under this warranty. All warranties are limited to repair or replacement, at LEC's discretion, unless otherwise stated.

*Lifetime warranty applies to the original owner, as long as you own your table for 5 years after the model is discontinued, or 5 years for private label tables.
